

Psych NP Scholarship Program Program Guidelines

Program Purpose

To increase the number of licensed Nurse Practitioners (NPs) with advanced behavioral health training practicing in Virginia.

Scholarship Overview

The Virginia Health Care Foundation's (VHCF) special Psych NP Scholarship Program underwrites the cost of tuition and required fees* for Nurse Practitioners (NP), who return to school to obtain a post-Masters Psychiatric-Mental Health Nurse Practitioner (*Psych NP*) Certificate. Only courses to fulfill Certificate requirements will be paid for by VHCF (up to \$26,000).

*Fees may vary by university. VHCF will pay those standard fees required by the program, such as academic support services, administrative fees, computer/technology fees, malpractice insurance (*if mandatory*), or laboratory fees. Examples of fees/expenses not included in scholarship: books, travel, parking, health insurance, life insurance, accident insurance, educational association fees, tuition and fees for elective courses, late charges/penalty fees, and attorney fees.

Upon completion of the Psych NP Certificate, scholarship recipients must fulfill a Service Commitment by working as a Psych NP in an approved organization serving uninsured and/or medically-underserved Virginians for two years (*or 4,000 hours*) (*e.g., federally qualified health center, free or hybrid/charitable clinic, community services board, state facility, military or Veterans Affairs facility or a practice located in a federally-designated Mental Health Professional Shortage Area*).

Application Process

1. Nurse Practitioners (NPs) apply the School of Nursing (SON) accredited by the National League for Nursing Accrediting Commission or the Commission on Collegiate Nursing Education of his/her choice for admission to a post-Masters Psych NP Certificate program.
2. Once admitted to an accredited School of Nursing, the interested NP applies to VHCF's Psych NP Scholarship Program.
3. The Foundation reviews the candidate's application and all required supporting materials (*e.g., evidence of admission from the SON, including the student's start date/semester*) and interviews the candidate. The application determination is made by a review team.

C. Conditions: Variances, Breach of Contract & Repayment

While the Foundation expects all Psych NP Scholarship recipients to complete his/her Certificate program and fulfill his/her Service Commitment, VHCF recognizes unanticipated life events may arise that may impact an individual's ability to fulfill all Psych NP Scholarship requirements in a timely fashion.

Should a Psych NP Scholarship recipient experience a life event requiring a pause or discontinued participation in the program, the participant may apply for a Temporary or Permanent Suspension from the program without incurring any financial penalty.

Temporary Suspension of Recipient Obligations

Acceptable reasons for requesting a Temporary Suspension may include: (a) leave of absence for medical or personal reasons (*up to one year*); (b) maternity/paternity/adoption leave (*up to 12 weeks*); and, (c) call to active duty military status.

If a recipient needs to postpone completion of his/her Certificate program **or** service obligation for a limited period of time, s/he must request and follow procedures related to applying for a Temporary Suspension from the Certification component or Service Commitment (*use VHCF Temporary Suspension Form*).

Permanent Suspension or Elimination of Recipient Obligations

A Permanent Suspension relieves the recipient of all or part of the Psych NP Scholarship participation requirements. It may be granted on a case-by-case basis, only if the recipient demonstrates that the condition causing the need to withdraw from the program is permanent (*e.g., diagnosis of a life-long, debilitating condition or terminal disease*) and that requiring compliance with his/her obligation would be unconscionable.

If extraordinary circumstances beyond the scholarship recipient's control result in the need to terminate completion of the Certificate program **or** service obligation, the recipient must request and follow procedures related to applying for a Permanent Waiver in program enrollment or Service Commitment (*use VHCF Permanent Suspension Form*).

Repayment Penalties for Failure to PerForm

In the event that a Psych NP Scholarship Recipient fails to fulfill his/her Certificate program requirements or complete the Service Commitment as set forth in the Program Guidelines and his/her contract with VCHF, the scholarship recipient must repay all tuition and fees expended on his/her behalf, as described below.

A scholarship recipient who does not complete his/her Psych NP Certificate program **or** does not fulfill Certificate program requirements any time prior to graduation from the Certificate program, must repay all of the tuition and fees expended by VHCF on his/her behalf with interest set at the prime rate on the date of default, within three (3) years.

A scholarship recipient who does not fulfill the service obligation requirements during or any time prior to completing the Service Commitment must repay all of the funds for tuition and fees expended by VHCF on his/her behalf. IN ADDITION, liquidated damages must be paid, equal to 50% of the total amount of the tuition and fees paid by the Foundation on his/her behalf, with interest set at the prime rate on the date of default. The total amount (*tuition, fees, liquidated damages, interest*) must be paid within three (3) years.

Note: If any portion of the Service Commitment is completed, the repayment of expenses will be pro-rated to account for the number of Service Commitment hours completed.

If a scholarship recipient does not pay what is owed within 3 years (*or the agreed upon timeframe*), the debt will be considered delinquent, reported to a commercial credit reporting agency, and may be referred to a collection agency for follow-up.

A scholarship recipient must pay for any collection and/or legal costs incurred by the Foundation to collect any unpaid debt related to the failure to meet the obligations cited and agreed to by signing the Attestation Agreement (*part of the scholarship application*).
