

Spenddown: What is it?

- ⦿ When an individual/family meets **all non-financial requirements, and resource eligibility requirements**, but **has income that exceeds the limit**, they may qualify for a **spenddown**.
- ⦿ **Spenddown** is similar to an insurance policy deductible: Medical expenses above the spenddown amount makes a person eligible (*temporarily*) for **full-benefit Medicaid**.
- ⦿ **“Spenddown liability”** = amount of bills a person must incur to be eligible under a spenddown
- ⦿ Spenddown liability should be included on an individual's **Notice of Action**, if s/he is ineligible for full-benefit Medicaid, including if only eligible for a Medicare Savings Plan (*MSP*).

Section 4

Spenddown Income Limits

- ⦿ **“Medically Needy” (aka Spenddown) Income Limits (MNIL)** are defined **differently** than the income limits for other ABD Medicaid categories.
- ⦿ **3 locality groupings for an ABD Spenddown:**
 - **Group I** has the lowest income limits, **Group III** the highest
 - MNIL as of **July 1, 2023**:

Family Unit Size	Group I		Group II		Group III	
	Monthly	6-Month	Monthly	6-Month	Monthly	6-Month
1	\$387.36	\$2,324.16	\$446.95	\$2,681.73	\$581.04	\$3,486.27
2	\$493.11	\$2,958.70	\$550.35	\$3,302.13	\$700.47	\$4,202.86

Section 4; Handout

Meeting the Spenddown

- An eligibility worker will request a completed **Medical Expense Record** to determine whether an applicant has met a Spenddown.
- **Medical expenses** that can be used to meet a spenddown include:
 - Doctor or hospital bills
 - Dentist bills
 - Health insurance premiums
 - Certain medical supplies
 - Prescription medicines (*coinsurance, copays, or out-of-pocket cost if uninsured at the time of application*)
 - **Old bills count, if the applicant is still liable for them**
- Medical expenses paid by Medicare, Medicaid, or other insurance **do not count** toward the spenddown liability.
- When the spenddown **budget period** (*usually 6 months*) ends, the individual will need to be **re-evaluated** to see if s/he can be eligible for Medicaid.

Section 4

Spenddown Example: Mildred and Warren

Mildred and Warren are married and live in Richmond City. Their combined monthly unearned income is **\$1,520/month**, which puts them over the countable income limit for full-benefit ABD Medicaid.

Their resources are below \$3,000.

Neither is institutionalized, in hospice, or receiving Community-Based Care.

Spenddown Example: Mildred and Warren

Mildred and Warren are married and live in RVA. Their combined monthly unearned income is **\$1,520/month**:

Income **\$1,520/month**
 - Standard Disregard: \$20
 \$1,500

\$1,500 x 6 months = **\$9,000**
 MNIL Group II: -\$3,302.13

Spenddown liability: **\$5,697.87**
